THE WEB IS A GALAXY FULL OF STARS

- - - - X

How do you stand out in a galaxy full of stars? What is going to differentiate your product from the competition? product-market fit, brand recognition, and engagement. No one but you can create product-market fit. But, [DevOps'ish](#) can deliver brand recognition and engagement. Every week DevOps'ish is sent to discerning developers, DevOps professionals, SREs, venture capitalists, C-suite executives, and readers across the globe.

WHAT INDUSTRY LEADERS ARE SAYING ABOUT DEVOPS'ISH

- - - - x

“

Even on vacation, I sneak in a couple newsletters. My fave link in the latest **DevOps'ish** (besides the ASODR survey 'natch) is the one about open office spaces. Check it out!! <https://devopsish.com/121>

Dr. Nicole Forsgren, Google Cloud

”

“

@ChrisShort definitely has his finger on the pulse of all things DevOps and cloud native

Patrick Debois, Creator of DevOpsDays

”

“

I don't read a lot of tech newsletters, but there are 3 that I do, for various reasons! (1) **DevOps'ish**: [@ChrisShort](#) puts so much good stuff there...

Jérôme Petazzoni, Container Extraordinaire
